Section 8. The Treasurer

The treasurer shall: (a) have charge and custody of and be responsible for all funds and securities of the corporation; (b) with the assistance of the president, receive and give receipts and monies due and payable to the corporation from any source whatsoever and deposit all such monies in the name of the corporation in such banks, trust companies or other depositories as shall be selected by the board of directors or authorized officers; and (c) in general perform all of the duties incident to the office of treasurer and such other duties as from time to time may be assigned to him or her by the chairman or by the board of directors.

Section 9. Assistant Officers

The board of directors shall have the power, in its discretion, to appoint any qualified person to act as assistant to any officer of the corporation. Such assistant shall perform such duties as the board of directors shall prescribe, including the performance of the duties of the principal officer when the incumbent is unable to act or it is impractical for him or her to act personally, subject to any restrictions on such authority as may be imposed by the board. The acts of such assistant officer, within the scope of his or her authority as delineated by the board, shall be the acts of the corporation to the same extent as if done by the principal officer.

Article VIII. Contracts, Loans, Checks and Deposits

Section 1. Contracts

The board of directors may authorize any officer or officers, agent or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the corporation, and such authority may be general or confined to specific instances.

Section 2. Loans

No loans shall be contracted on behalf of the corporation and no evidences of indebtedness shall be issued in its name unless authorized by a resolution approved by a vote of two-thirds (2/3) of the board of directors. Such authority may be general or confined to specific instances. No loan shall be made by the corporation to any director or officer.

Section 3. Checks and Drafts

All checks, drafts or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the corporation shall be signed by such officer or officers, agent or agents of the corporation and in such manner as shall from time to time be determined by resolution of the board of directors.

Section 4. Investments

The corporation may, at the discretion of the board of directors or an authorized officer, maintain working capital management accounts, business investment accounts and similar accounts; provided, however, that no such accounts may be marginable accounts.

Section 5. Deposits

All funds of the corporation not otherwise employed shall be deposited from time to time to the credit of the corporation in such banks, trust companies or other depositories as the board of directors may select.

Section 6. Contributions

The board of directors may accept on behalf of the corporation any contribution, gift, bequest or devise for the general purposes or for any special purpose of the corporation.

Article IX. Indemnity

The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative other than an action by or in the right of the corporation.by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses including attorneys' fees), judgments, fines, taxes and penalties and interest thereon, and amounts paid in settlement actually and reasonably incurred by him in connection with such action or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the corporation, and, with respect to any criminal action or proceeding, that such person did have reasonable cause to believe that his conduct was unlawful.

To the extent that a director, officer, employee or agent of the corporation has been successful on the merits or otherwise in defense of any action or proceeding referred to above, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses including attorneys' fees actually and reasonably incurred by him in connection therewith.

Any indemnification under the above provisions unless ordered by a court shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsection above. Such determination shall be made 1) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action or proceeding, or 2) if such a quorum is not obtainable, or even if obtainable, a quorum of disinterested directors directed by independent legal counsel in a written opinion, or 3) by the members.

Expenses including attorneys' fees incurred in defending a civil or criminal action or proceeding shall be paid by the corporation in advance of the final disposition of such action or proceeding as authorized in the manner provided above upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized in this section.

Article X. Seal

The board of directors shall provide a corporate seal which shall be circular in form and shall have inscribed thereon the name of the corporation, the state and year of incorporation, and the words "Corporate Seal", but the board may adopt a different seal from time to time.

Article XI. Waiver of Notice

Whenever any notice is required to be given to any member or director of the corporation under member or the provisions of these Bylaws or under the provisions of the articles of incorporation or under the provisions of law, a waiver thereof in writing, signed by the member or director entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

Article XII. Amendments

These Bylaws may be altered, amended or repealed and new Bylaws may be adopted by the board of directors at any regular or special meeting of the board of directors, subject to repeal or change by action of the members.
